The screenshot shows the Azure portal interface for an Azure subscription. The breadcrumb navigation at the top reads: Home > Contoso billing account | All billing subscriptions > Azure subscription-1 > Overview. The main header area includes a search bar, a 'Cancel subscription' button (highlighted with a red box), and other actions like 'Rename', 'Change directory', and 'Feedback'. Below the header, there are several sections: 'Essentials' with subscription details (ID, Directory, Name, My role), 'Spending rate and forecast' (showing 'No data to display'), 'Costs by resource' (showing 'No active resource emitted usage yet'), 'Top products by number of resources' (a bar chart), and 'Azure Defender coverage'. A right-hand navigation pane lists various management options like 'Security', 'Events', 'Cost Management', 'Billing', and 'Settings'. At the bottom, there is a 'Resources' section with a list of resource types and a 'Policies' section.

Home > Contoso billing account | All billing subscriptions > Azure subscription 1 > Azure subscription 1 >
